To Whom It May Concern:

It would be my pleasure to recommend Mr. Tyler Smith for your scholarship. I was Tyler's Advanced English 10 teacher during his sophomore year of high school. Since knowing Tyler, he has distinguished himself as a dedicated, service-oriented, and highly engaged member of our campus community. His consistent involvement, strong character, and commitment to excellence make him a truly deserving candidate.

Throughout high school, he has been a part of the Space and Engineering Academy, a program that focuses on academic rigor while actively pursuing hands-on, collaborative learning experiences. He contributes meaningfully to group projects and competitive challenges, demonstrating creativity, problem-solving skills, and perseverance. Whether designing and building for real community partners or participating in STEM competitions, he approaches each opportunity with focus and pride. His work reflects not only technical ability but also genuine care for the people his efforts impact.

Beyond the classroom, he continually seeks opportunities to grow as a leader and teammate. His involvement in athletics and JROTC highlights his discipline, accountability, and willingness to challenge himself. He consistently upholds high standards for conduct, appearance, and academic performance, earning recognition for both his character and achievements. These experiences have strengthened his time-management skills and reinforced his sense of responsibility.

Tyler is a young man of integrity, perseverance, and heart, and I am confident he will continue to make a meaningful impact wherever his path leads. Please feel free to contact me if additional information would be helpful.

Kind Regards,

Mrs. Cassidy Jensen
West High English
