

NEW COVENANT

SCHOOL *of* ANDERSON

To Whom it may concern,

I would like to highly recommend Anna Grace Jachens to you for the Tall Club International Foundation scholarship. Anna Grace is an outstanding student. She is extremely smart and is conscientious in all that she does. In her senior year, she has continued to excel and take the hardest and most challenging courses that she could take.

Anna Grace is also an outstanding person! She has a quiet personality, but people are drawn to her because of her friendliness and joyful disposition. Her joy and love of life allow her to enjoy tasks and activities. Anna Grace is very involved at our school. She is involved in our House system, sports, and the theater program. She handles all of her responsibilities with grace and is diligent to finish all her tasks.

Anna Grace has played basketball for me over the last 4 years. Because of her height and her athletic ability, I convinced her to play volleyball for our team two years ago. She learned that game quickly and made an immediate impact partly because of her height. She is the epitome of a servant leader, placing her teammates before herself. She is coachable and a very hard worker. She is a perfectionist who pays attention to detail. She wants to get better and then she puts in the work to accomplish her goals.

Finally, Anna Grace has outstanding character. She is honest, loyal, a hard worker, diligent, trustworthy, respectful, joyful, and pursues excellence always! She is someone who excels at anything she puts her mind towards!

Without reservation, I highly recommend Anna Grace to you as an applicant for your scholarship!! I know that she will put the scholarship money to good use as she pursues her education for her career!

Sincerely,

Rebecca Fyock
