Klein, TX 77379

July 16, 2025

To whom it may concern:

I am pleased to write this letter of recommendation for Cora Winston, a remarkable student I have had the pleasure of teaching at Klein High School. I have known Cora for the past two years in my mathematics classes, Pre-Calculus KP and AP Calculus AB, during which time she has consistently demonstrated exceptional dedication and perseverance.

Cora has excelled in her academic pursuits, taking multiple Dual Credit (DC) and Advanced Placement (AP) courses, including AP Calculus AB, in which she earned a commendable score of 4. Her academic performance is a testament to her strong work ethic and intellectual curiosity. Her active participation in extracurricular activities parallels Cora's commitment to her education. She is a dedicated member of the Future Farmers of America (FFA), working at least 20 hours per week with her animals and for the Klein High chapter, as well as participating in numerous shows across Texas and the United States.

In addition to her involvement in FFA, Cora is a member of the National Honor Society, the Math National Honor Society, and the International Thespian Society. Her leadership and dedication extend beyond academics; she has been actively engaged in local charitable organizations through her affiliation with the National Charity League and Klein High School, contributing her time and effort to initiatives such as the Fall Festival, Northwest Assistance Ministries, Giving Gown, and Night to Shine. Cora also balances her academic and extracurricular commitments with part-time employment at Earl's Custom Meats and Processing, where she works 20 hours a week.

What truly stands out about Cora is her remarkable ability to manage her responsibilities effectively. Despite being absent for a significant portion of the spring semester due to school activities, she never allowed her FFA commitments to hinder her academic work. She consistently submitted her assignments on time and was an excellent teammate in class, always ready to assist her peers while graciously accepting help when needed. Cora participated actively in discussions, both asking and answering questions, and approached each class with a positive attitude and preparedness.

Cora is the type of student who inspires me to be a better teacher, pushing myself to challenge her and expand her knowledge. Cora is a well-rounded student who will take full advantage of the opportunities your university offers. Please do not hesitate to contact me at [kanderson3@kleinisd.net](mailto:kanderson3@kleinisd.net) if you have any additional questions.

Sincerely,  
Mrs. Kathleen Anderson – Klein High School  
Pre-Cal KP and AP Calculus AB Teacher
