

BLACKHAWK

Christian School

Scholars' minds.
Servants' hearts.

To Whom It May Concern:

I am writing this letter of recommendation on behalf of Mason Goeglein. I have had the pleasure of teaching Mason in Computer Science and Physics as well as coaching him in Cross Country. Mason was a constant pillar of dependency in regards to preparation for the class and impeccable study habits. His organization skills and inquisitive approach towards new material serves him very well and sets him up for success in all aspects of life.

Throughout the year Mason was an active participant and leader in our discussions, and he always supported his peers. His caring nature and personality allow him to work well with others in a team setting, as he always respects others' opinions even when they differ from his own.

I am certain that Mason is going to continue to do great things in his future. I could not recommend Mason more highly. He is talented, caring, intuitive, dedicated, and focused in his pursuits. Mason is truly a stand-out individual who will impress everyone he meets. Please feel free to contact me if you have any questions.

Sincerely,

Paul Suvar
