Monica Noel
School Counselor

To Whom It May Concern:

I am pleased to write in support of Miss Kaci Yost for admission to your program or as a candidate for your scholarship. I have been a teacher and coach of Miss Yost for the last six years and have had the opportunity to watch her learn and grow through junior high and high school. She has been a student in my instrumental music courses, as well as a team member on musical, one act, speech and quiz bowl.

I have witnessed Miss Yost grow into a confident, intelligent, and caring young adult over the course of high school. She often takes on more than one should, but finds a way to manage her time efficiently while completing all responsibilities at an exemplary level. Miss Yost is always looking for opportunities to help others and volunteer for things that will expand her knowledge and experience. She has been active in leadership roles in band, as well as the multiple athletic teams she participates in while consistently achieving at a high level.

It was apparent to me early on that Miss Yost was very intelligent and dedicated to her education, but she has shown no slowing down in her educational pursuits. She has maintained a full course load with the most difficult classes that we offer. Among all of her activities, Miss Yost is also active in her community by helping out with youth activities where she serves as a wonderful role model for our younger students. I have no doubt that she has helped younger students become better athletes and people because of the utmost character that she exemplifies in many different settings.

I am certain that Miss Yost's transcripts, test scores, and application show a well-rounded, intellectual, and scholarly individual. I have no doubt that she will be a significant asset to your program or excellent candidate for your scholarship.

Kind Regards,
