Dear Tall Clubs International Foundation Scholarship Selection Committee,

It is a sincere pleasure to write this letter of recommendation for Sophia Morgan. I have had the opportunity to work with her throughout her entire high school career and have witnessed her exceptional academic performance and personal growth.

When I think of Sophia, the word that comes to mind is **dedicated**. She doesn't just do enough to get by-she consistently seeks out the biggest challenges. She is currently on track to graduate with both an Honors and STEM Diploma of Extra Distinction. This means she hasn't just met our graduation requirements; she has intentionally gone beyond them. She has taken and excelled in several college level courses, completed a long-term STEM internship in the field of engineering, and has also completed many service projects to help our community.

What truly impresses me is how Sophia maintains this rigor alongside her commitment to athletics. Navigating the demands of being a dedicated high school athlete while maintaining such a high academic standard requires incredible time management and discipline. I have watched her navigate this balance with poise, using the discipline she learned in sports to fuel her success in the classroom.

Sophia is not only academically gifted, but is also a person of great character. She is incredibly kind and polite to both peers and staff, and she is a wonderful role model for our younger students to look up to. She is exactly the kind of well-rounded hard-working student this award was meant to recognize. It has been an honor to work with her, and I highly recommend her for this scholarship.

Please feel free to contact me if you have any further questions or need additional information.

Sincerely,
Brenda Gardner
