A ministry of Highland Park Baptist Church

To Whom It May Concern,

It is my distinct pleasure to recommend Jason Wilson for this scholarship. Jason is a natural leader whose presence has significantly enriched our school community. Jason's exceptional communication skills and positive representation of our values are further evidenced by the fact that he is my first choice to represent our school when new students visit. His peers look up to him not only for his leadership abilities but also for his genuine willingness to serve others. Jason is a servant leader which is rare among young people.

Jason's commitment to leadership and service is demonstrated through his extensive involvement in various organizations. He has been a member of the Detroit Pistons Youth Council since the 9th grade. Jason was selected to be a member of the L.E.A.D Team, which is our elite leadership team that plans community service event for the school community. He also participated in Athletic Leadership, where he was a part of a team that created a vision for not only athletes but also the school as a whole.

Jason has been a dedicated participant in The Cave of Adullam Transformational Training Academy which is one of the experiences that has shaped him into confident young man. His confidence is filled with grace and humility which shines brightly in our community. Jason juggles many responsibilities. An accomplished athlete, Jason has earned a Varsity Letter in basketball and in track and field. Jason is determined and worked hard to maintain his grades and GPA. He is always willing to ask questions to gain a deeper understanding of the concepts. Jason had goals and knows the steps to make them happen.

Jason is a well-rounded, dedicated, and influential student leader. I am confident that his leadership qualities and spirit of service will make him candidate for this scholarship. I am confident that he will bring the same level of dedication and character in college.
